EXHIBITOR SERVICE CENTER & GENERAL DECORATING CONTRACTOR

General Decorating Contractors are hired by **Show Management**. They are generally responsible for the physical planning of the event, the shipment and delivery of exhibition freight, the rental of furniture, carpets and other booth/exhibit equipment and the building and dismantling of most of the exhibits.

General Decorating Contractors supply their own on-site management and supervisors and hire freight moving and exhibit building labor.

EXPO CCI is the Official General Decorating Contractor of FSC and will maintain a full staff on-site at the **Exhibitor Service Center** during set-up, show days and dismantling. All other **Official Show Contractors** will also be set up in this area as well. All inquiries regarding booth services and orders should be made at the **Exhibitor Service Center**, including booth furnishings, labor, freight, utilities, and special show services. Exhibitors who have ordered labor are asked to check-in at this desk when they are ready to install their exhibits. The person in charge of your exhibit should carefully inspect and sign for all work order forms. If you disagree with a bill presented for your signature, question it immediately. If you cannot come to a satisfactory agreement with the contractor, contact **Show Management**. Do not put it off. Once the show has ended, it becomes very difficult to resolve issues.

COPYRIGHTED MUSIC

If any copyrighted music is to be played in your booth, you must obtain all necessary licenses from the copyright owner or licensing agency representing the copyright owner. The licensing requirements include the playing of live, as well as recorded music, (records, tapes, compact discs, etc.) and also include music, whether it is the essence of the presentation or is only used as background, on a videotape or other presentation.

The proper license must be posted in your booth and available for inspection at the request of **Show Management** or properly authorized agents of **ASCAP** or **BMI**. We advise you to contact these agencies as listed below to acquire the proper licenses:

- **ASCAP Licensing Dept. / 1 Lincoln Plaza / New York, NY 10023 / Tel: 212-621-6000**
- **BMI (Broadcast Music, Inc.) / 10 Music Square East / Nashville, TN 37203-4399 / Tel: 800-925-8451, 615-401-2000**

Adherence to these federally mandated copyright licensing laws is of critical importance. Failure to do so is both a violation of federal copyright law, and a breach of your contract for exhibit space for the show.

QUESTIONABLE MATERIAL - Some costumes from anime, comic books, sci-fi, video games, and other sources may contain questionable material. We do not allow the use of hate symbols on costumes. We ask that you be respectful of other attendees.

UNIFORM COSTUMES - Costumes that may be confused with **LOCAL LAW ENFORCEMENT OR OTHER EMERGENCY RESPONSE PERSONNEL UNIFORMS** are not permitted. **Florida Supercon** has the absolute right and sole discretion to determine whether a uniform costume is permitted or too close to a real world uniform and to ask an attendee who is wearing a costume that is too close to a real world uniform to adjust it or remove it.

Florida Supercon reserves the right to amend or change these rules at any time for any reason to provide for the safety, security and general well-being of attendees and the general public.

Prop weapons will be allowed providing they are composed of cardboard, foam, wood, lightweight plastic, or other light materials.

Nothing that looks like a real gun is allowed.

Bows and crossbows will only be permitted if they are absolutely prop in nature – no tension on the string beyond what it takes to keep it straight, and arrows should not have any form of tip. You are NOT permitted to bring arrows with metal tips into the event under ANY circumstances.

No items can have sharp points, sharp edges, excessive weight or any other features that could be deemed dangerous to others

All prop weapons must be checked at the **Prop Check Table**, where security will inspect the prop and issue a sticker to be placed in a visible area on the prop. EVERY prop will be handled on a case-by-case basis. You may be asked to take further measures to make the prop safe before it will be given approval. Be prepared for this contingency. Approved prop stickers must be visible on your prop at all times. Removing the prop sticker is a violation of the Weapons Policy and will result in immediate expulsion from Florida Supercon. Any approved prop weapon may be revoked at any time at the discretion of **Florida Supercon** staff or security, for reasons including, but not limited to, the item being utilized or brandished in an inappropriate fashion or if complaints are received regarding its improper display.

Florida Supercon reserves the right to refuse entry of any prop/weapon it deems unfit for any reason. Any misuse of a prop/weapon (horseplay, dueling, fighting, running/swinging, firing, etc.) is grounds for removal and or ejection from convention premises without recourse, up to and including legal action depending on the severity of the offense.

PURCHASED PROPS AND REPLICAS: If you purchase a replica or prop from the Vendor Room that does not comply with the **Florida Supercon** Weapons/Prop policy, you must leave it at the booth and retrieve it when you are ready to leave or when the exhibition room closes. You must take it to your vehicle, or hotel room immediately.

PLEASE NOTE that if you violate any of the above rules you WILL be removed from the convention. THERE ARE NO EXCEPTIONS. If you are asked to leave by a member of **Florida Supercon** security or staff, you are required to comply with their requests or risk intervention by law enforcement. These decisions are based on the discretion of the security or staff member you are dealing with at that exact moment.

Do not attempt to skirt the rules. Do not attempt to play games with security or staff. Use common sense. If you cannot abide by the rules, please stay home. We will not endanger or put any of our attendees at risk because you want to have a more authentic costume.

Florida Supercon reserves the right to amend or change these rules at anytime for any reason to provide for the safety, security and general well being of attendees and the general public.

PUBLIC TRANSPORTATION

The Miami Beach Convention Center is conveniently located only 14 miles away from Miami International Airport and 6 miles away from the Port of Miami. The Center is accessible from major interstate highways including I-195 and I-395. Miami Beach offers public transportation and private solutions to facilitate your guests' and attendees' arrivals and departures from the **MIAMI BEACH CONVENTION CENTER** to hotels, restaurants, area attractions and more.

1. The South Beach Local

The South Beach Local is a compact blue trolley that exclusively operates throughout South Beach from 8am – 1am (daily) with a riding fee of only 25 cents. Used by residents and tourists alike, the Local offers multiple stops, detailed routes and a consistent schedule throughout South Beach's 23-block radius. The South Beach Local trolley facilitates pick up and drop off for attendees to nearby hotels, restaurants and attractions. Visit the [South Beach Local website to learn more](#).

2. Taxis

Taxi meters start at \$2.50 but can vary; tipping is expected. Taxis may not be the most cost effective option, but should be considered as support to attendees and guests who will need to travel off of Miami Beach. Visit the [Taxi finder website to learn more](#).

3. Ride-share apps

Uber Pool and Lyft Line allow ride sharing with other passengers, significantly cutting cost in exchange for a slightly longer drive. Most attendees already have these apps on their phones, but Uber and Lyft apps can be downloaded for free from the Apple App store or (for Android devices) the Google Play Apps store. Include ride-share apps as options on your transportation plan to offer attendees and guests the most flexibility for exploring the destination.

PYROTECHNICS

The use of pyrotechnics is strictly controlled and monitored and must be approved in advance by the Miami Beach Fire Department and the **Miami Beach Convention Center**. Customers requesting the use of pyrotechnics must hire a federally licensed pyrotechnics contractor and must obtain all relevant permits from the Miami Beach Fire Department. Consult your Event Manager for further information and guidelines.

SAFETY AT FLORIDA SUPERCON

Florida Supercon has a [Safety & Security Policy](#) in place to ensure that everyone has a great time at the event.

Florida Supercon has a **ZERO TOLERANCE** policy for GUNS and for REAL and/or REALISTIC weapons of any kind. The City of Miami Beach owns the convention center, and they will not allow guns even if you have a conceal and carry permit. No weapons are allowed, period. Searches will be conducted if any bag or outfit presents as suspicious. Anyone not consenting to a search at the request of a security officer will be asked to leave without refund.

Florida Supercon and city officials fully understand that none of our fans or attendees are of any threat to anyone. We also appreciate that we have never had an incident in the past when we allowed fake weapons into the building. Unfortunately, at this moment in time, we have to eliminate all possible confusion about props and fake weapons.

What do we mean by weapons? We are not referring to "cartoon" weapons (we consider those "props")... we are talking about REAL and REALISTIC looking weapons. Lightsabers and Phasers are ok. Airsoft and BB guns are not.

Anyone entering the building with a mask on may be asked to remove it upon entry. You may put it back on once you pass the prop check point.

Both Florida Supercon and the City of Miami Beach want every attendee to have a good experience in the city and at our show. Your safety and security is our top concern.

SECURITY

The Century Security Agency is the **Official Security Contractor** of Florida Supercon. **Show Management** will provide perimeter security personnel on the exhibit floor on a 24-hour basis during the entire period of the show (including installation and dismantle). Every reasonable effort will be made to prevent losses; however, the final responsibility lies with the exhibitor. If you have items in your booth that are vulnerable to theft, take them with you when you leave the building for the day. For larger items that cannot be moved, we recommend that you hire additional security for your booth.

Please refer to the [Vendor Forms & Guidelines](#) section of the online manual for order information.

- By now you should have arranged for insurance coverage to protect your exhibit and product against damage or loss from the time it leaves your premises until it returns
- Exhibitor personnel must wear official Show Exhibitor badges at all times during move-in, Show Days and move-out. Please do not give Exhibitor Badges to anyone other than your full-time employees and remove all badges from the building when you leave on your last day there. Badges left behind are often abused by unauthorized personnel so do not leave them in your booth or discard on the floor
- Unpack product as close to the Show opening as possible. At the close of the Show, we suggest that you stay at your booth until these valuables are repacked
- At the close of business each day, cover all display tables. This establishes a barrier to curiosity seekers and other would-be thieves from selecting such items to steal at a later time
- Place your wastebasket along the aisle at the end of each day to facilitate trash removal
- Treat especially valuable goods such as prototypes as irreplaceable. If they truly are one-of-a-kind, hire your own security guard. ***Under no circumstances*** should such goods ever be left unattended. Electronic devices are particularly vulnerable to theft
- Remove tapes or discs at night and store them in a safe place. Keep close tabs on personal items (cell phones, purses, laptops, briefcases, etc.)
- Do not put articles of any value in a container marked "**EMPTY STORAGE**", or behind booth
- Shipping cartons should not identify contents. Use coded labels
- Give special considerations to prototypes, irreplaceable and highly valuable articles, or other sensitive items
- Be sure to send copies of Shipping Information, including all tracking numbers with your set-up people so that they know how many pieces should arrive
- Booth staffing plans should take the following into consideration:
 - Who will be at the booth during set-up and dismantling?
 - Will an inventory list be available to check complete delivery during set-up and complete shipment after dismantling?
 - Will you need a security cage?
 - Will you need a private guard?
 - Should you safeguard material in the free storage room during non-Show hours?
 - Does everyone concerned know that nothing of value should be left in containers labeled "**EMPTY**"?
 - Will someone be on duty at least a half-hour before the Show opens? And until Show is closed for the day? Will you schedule rotation to cover lunch breaks, etc.?
 - All of your booth personnel should be advised to wear official Show Badges at all times as a security measure, and to use the official Merchandise Passes when removing items from the exhibit floor
 - DO NOT leave laptop, purses, cell phones, cameras, etc. unattended
- It is essential that exhibitor personnel remain in their exhibit areas until their display materials are secured. All small articles which can be easily picked up should be securely packed before you leave your booth after the Show closes
- During teardown, stay with your exhibit until your empty cartons are delivered and your goods are packed, sealed and properly labeled

- Do not leave material in your booth unlabeled at any time during move-out because many things could happen it may be presumed abandoned; mistaken for trash; or one of your neighboring booths might label it in error!
- At the close of the show, please be sure to secure all electronic equipment

Don't Leave Your Booth Unattended Until Your Merchandise Is Secure

The best security available is still inadequate and losses will occur, if exhibitors leave merchandise, especially valuable merchandise, unsecured in their booth overnight. Secure all such merchandise at all times during the non-Show hours.

Our objective is to make your show experience as worthwhile and profitable as it can be. Adhering to these simple security recommendations will go a long way to ensure your success!

Immediately report to security, or Show Management, the presence of any unauthorized visitors, or suspicious activity on the show floor.

Show Management can assume no responsibility or liability for loss, damage or theft. That responsibility is yours, and we therefore recommend that you provide your own insurance coverage against all contingencies.
