## APPENDIX A

### Detailed Description of Judging Criteria

The Championships are judged by three independent guest judges who interview and closely assess the Finalists' costumes in addition to assessing how the Finalists display their costume on stage.

This document provides greater guidance to the judges of what is expected in their marking, as well as greater clarity to Finalists, event organizers, and of course our audience as to the mechanics and thought processes behind the judging.

The assessment of Finalists is as follows:

- Costume judging will take place before the stage presentation and assess the accuracy or design of the costume against provided source images and the quality and complexity of the construction. Each Finalist is given equal time with the judges.
- The Stage presentation will not be scored directly but may be taken into consideration if the presentation reveals flaws or benefits of the costume's construction.
- The weighting for each of the judging criteria is as follows:
  - Accuracy or Design and Ambition- 30%
  - Construction – 70%

This document examines these areas including standards for scoring bands and how the different elements of each of those scores may interact.

Note that in recognition of the wide variety of costumes possible and the judge's knowledge and experience, the elements considered within each category are not intended to be exhaustive and the weighting among the elements of the scores is left to the discretion of the judges on a costume-by-costume basis. Ultimately ReedPop, Partner events, and Finalists must respect the judges' decision, the judges' interpretation of the rules and guidance and the judges' assessment of the costume.

### Accuracy or Design & Ambition

This score is an assessment of how closely the costume matches the source material OR the design and interpretation skill employed by the Finalist to create original costume designs inspired by pop culture icons. Judges will also consider the ambition or complexity of the design.

It is the responsibility of the Finalist to provide high quality reference images which clearly depict as much of the character they are representing as possible, at a suitable resolution that detail is clearly visible. Original designs should also be supported by concept sketches and inspiration references.

If a Finalist with an original concept has commissioned a professional artist to render their design, this will be judged under the Design category, providing the Finalist is able to discuss in detail the background research and concept choices to arrive at the final design. Where there has been a more intensive collaboration and input from the commissioned artist, this may be judged on accuracy or a blend of the two categories, at ReedPop and the judges' discretion.
